adrianvp.com

I like creating visual communications to convey messages in an effective and aesthetically pleasing manner.

With a strong background in a range of digital skills and marketing, I can manage the development process through in its entirety.

From my past roles I got solid UX/UI understanding and a deep knowledge on SEO best practices.

Making things work is what I enjoy the most.

My Tools

Education

2020

Full-stack Web development at IronHack, Barcelona

Bootcamp on full-stack web development. This is project based learning under Agile methodology and use of best practices:

- HTML
- CSS
- JavaScript
- NodeJS
- ExpressJS
- ReactJS
- MongoDB
- Git
- Redux
- GraphQL
- TypeScript

2013

Business Degree at USC, Santiago de Compostela

Business Administration and Management Degree issued by the University of Santiago de Compostela (USC). No official specialisation, although focused on marketing and finance.

2010

Commercial Engineering at PUCV, Valparaíso

"Xan de Forcados" scholarship granted by the USC in collaboration with Bancaja's social foundation, with the aim of promoting international student mobility and cultural exchange with America, Asia and Oceania.

Experience

2015/20

Full Stack Developer & Digital Content Creator at Finsa UK, Liverpool

Scholarship granted by the University of Santiago de Compostela to kickstart my career in Liverpool. Hired after it by the same company.

eCommerce creation and management:

- Woocommerce
- Git
- HTML
- CSS

Architecture Award web platform creation and management:

- NodeJS
- Bootstrap
- MongoDB
- HTML
- CSS

Graphic Design and 3D rendering:

- Blender
- Illustrator
- InDesign
- Photoshop
- Unreal Engine

2014

Financial Advisor at OVB Allfinanz, Madrid

Providing advice to individuals and SMEs, closely working with the banking and insurance market. Focused on personal saving and amortisation strategies.

Projects

2020

Palcony.com Social Hub

As part of the #stayAtHome movement because of the Covid 19, Palcony aims to act as a hub for anyone that wants to share any activity with their neighborhood.

- NodeJS
- Bootstrap
- MongoDB
- HTML
- CSS

2017...

Front End Developer & Creative Director at AffiliateCoin.io

Ethereum blockchain network-based affiliate marketing platform. Maximizing publishers and merchants ROI by eliminating the middleman and fraud.

- Drupal
- Illustrator
- InDesign
- Git
- Blockchain
